Outlearn your competition! *At no cost to you!*

Leaders are readers. Read the equivalent of **three** 2024 business books selected from the thousands published this year on topics critical to scaling more easily and effectively. We're hosting three 22-minute presentations by the authors of these books.

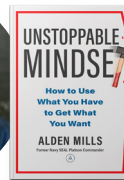

Broadcast over 77-minutes, join fellow CEOs, CXOs, and team members of scaleups from around the globe for our fall virtual Scaling Up+ Learning Series on October 10th, 2024, from the comfort of your own chair or conference room.

Gather your team and learn together. Schedule an additional 30 minutes or hour after the Learning to decide on which ideas/tools/techniques you'll implement.
